Bright acidity and silky tannins intertwine with red fruit and earthy notes for a balanced wine.

The River Road Ranch vineyard is located within the Russian River Valley AVA. The soil composition is Cortina, characterized as deep, well-draining soil composed mainly of gravel/sandy loam. This fast-draining soil leads to stressed vines that focus their energy on the grapes rather than leafy growth, resulting in more intensity and concentration.

Three generations farming premium wine grapes across five estate ranches for over four decades, the Trione family produce small lot, hand-crafted wines showcasing the best fruit from our vineyards.
