# TRIONE Vineyards & Winery

## Rustic Elegance in the Heart of Wine Country

We have different package options based on the day of the week and on or off-peak season. Peak season is during the months of April, May, June, August, September, and October. Non-peak season are the months of November, December, January, February, March, and July.

The entire space option includes: the bocce area (trellis, bocce courts, Adirondack chairs and umbrellas, full lawn set within the Cabernet Sauvignon vineyards), the courtyard and fountain garden area, both levels of the historic Old Stone Building, the veranda with stone bistro tables overlooking Alexander Valley and the “get ready” private tasting room next to the veranda.

*Please note rates will go up for 2023. Any contracts signed before 12/31/2022 will receive current pricing.*

### OPTION ONE

Friday, Saturday or Sunday during peak season

\$9,750 for use of the entire space for your event from 5-10pm

### OPTION TWO

Friday, Saturday or Sunday during non-peak season

\$8,750 for use of the entire space for your event from 5-10pm

### OPTION THREE

Weekdays: Monday-Thursday

\$7,500 for use of the entire space for your event from 5-10pm

**If the client doesn't wish to use the bocce & vineyard area for the event a \$250 discount will be applied to the facility fee.  
Additional hours may be purchased for \$1,950 per hour.**

Trione Winery is flexible with delivery and pickup times, at no additional charge. There is no extra charge to be on site to receive rentals and we do not have specific load in and out time slots like most venues do. This flexibility will save the client on rental charges for specific drop off windows, which can become pricey.

Timing must be approved by management to ensure load in and out times will work for the working winery
